

the motorhome hairdryer

ixoo gives you the power and the heat you need

ixoo works wherever you want, no limitations, no plugs, no expensive inverters that harm the batteries or noisy generators that disturb the peace. Total freedom and confort.

ixoo can be used temporarily in any air outlet or permanently on a wall. It works with 12V. and hot air of the onsite heating, so you don't need to be connected to 220V.
